Qualified Education Expense Credit Preapproval Form

Georgia Department of Revenue **Version 1****Instructions**

The Official Code of Georgia Annotated Section **48-7-29.16** establishes an income tax credit for qualified education expenses.

A credit is allowed for the expenditure of funds by the taxpayer to a student scholarship organization, operating pursuant to Chapter 2A of Title 20, which uses the contribution for tuition and fees for a qualified school or program.

**Definitions:** For purposes of the credit, the term:

(1) "Student scholarship organization" means a charitable organization in this state that:

- (A) Is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and obligates for scholarships or tuition grants at least 90 percent of its annual revenue received from donations for scholarships or tuition grants to allow students to attend any qualified school of their parents' choice; and
- (B) Provides educational scholarships or tuition grants to eligible students without limiting availability to only students of one school.

(2) "Eligible student" means a student who is a Georgia resident enrolled in a Georgia secondary or primary public school or eligible to enroll in a qualified first grade, kindergarten program, or pre-kindergarten program; provided, however, that if a student is deemed an eligible student pursuant to O.C.G.A. § 20-2A-1(1), he or she shall continue to qualify as such until he or she graduates, reaches the age of 20, or returns to a public school, whichever occurs first.

(3) "Qualified school or program" means a nonpublic pre-kindergarten program, primary school or secondary school that:

- (A) Is accredited or in the process of becoming accredited by one or more entities listed in subparagraph (A) of paragraph (6) of Code Section 20-3-519; and
- (B) Is located in this state, adheres to the provisions of the federal Civil Rights Act of 1964, and satisfies the requirements prescribed by law for private schools in this state.

Qualified Education Expense Credit Preapproval Form

Georgia Department of Revenue **Version 1****Preapproval Required**

The total amount of credits granted to all taxpayers per calendar year cannot exceed \$50 million (indexed for inflation beginning in 2012). Amounts are allowed on a first come, first served basis. Before making a contribution to a student scholarship organization, the taxpayer must notify the Department of Revenue of the amount that the taxpayer intends to contribute to the student scholarship organization. The Department will then preapprove or deny the requested amount within 30 days after receiving the request from the taxpayer. The Department will mail the preapproval or denial to both the taxpayer and the student scholarship organization. Once preapproval is received, the taxpayer must make the contribution to the student scholarship organization within 60 days of the date of the preapproval notice received from the Department, and within the calendar year in which it was preapproved.

**Credit Limits****Individual Taxpayers**

An individual taxpayer is allowed a credit for qualified education expenses as follows:

- (1) In the case of a single individual or a head of household, the actual amount expended or \$1,000.00 per tax year, whichever is less; or
- (2) In the case of a married couple filing a joint return, the actual amount expended or \$2,500.00 per tax year, whichever is less; or
- (3) In the case of a married couple filing a separate return, the actual amount expended or \$1,250.00 per tax year, whichever is less.

For an individual taxpayer the credit is further limited and may not exceed the taxpayer's income tax liability. The amount of the credit that exceeds the taxpayer's income tax liability can be used against the next succeeding five years' tax liability.

**Corporate and Trust Taxpayers**

A corporation or trust is allowed a credit for qualified education expenses in an amount not to exceed the lesser of the actual amount expended or 75 percent of the corporation's or trusts income tax liability for the tax year, of the corporation or trust, in which the contribution will be made. Any of this lesser amount (amount expended or 75% of the corporation's or trust's income tax liability) that is not used can be used against the succeeding five years' tax liability. A trust cannot pass through the credit to its beneficiaries.

**Claiming the Credit**

Please attach Form IT-QEE-SSO1 and Form IT-QEE-TP2 to your Georgia income tax return when claiming the credit.

**Electronic Filing**

Electronic Filing is available for taxpayers claiming this credit. Individual taxpayers that electronically file their tax return do not have to submit Form IT-QEE-SSO1. Form IT-QEE-SSO1 shall be maintained by the taxpayer and made available upon request by the Commissioner.
